## HIGHWAY DEPARTMENT REPORT

---

The past year we came out good on our appropriations. I do expect our Winter Maintenance to rise as we may be forced to do more plowing and salting. It is going to require another truck to do this.

The Town Bulldozer Tracks are very poor, however the Motor is very good. The motor in the Grader will have to be over-hauled this spring which will cost quite a bit. We bought two new tires this last year at quite a discount making all the tires in good condition for this year.

The town should do something about salt storage for next winter. A lot can be saved on bulk salt but we do not have storage space.

I appreciate the co-operation the Selectmen and Citizens of Raymond have given me this past year.

Respectfully Submitted,

LYMAN R. HAMMOND,

Road Agent

## RAYMOND FIRE DEPARTMENT

---

To the Selectmen of Raymond:

The following is a brief resume of the Fire Dept's activities for the year 1961.

We had a total of sixty-four alarms, forty were still alarms and twenty-four were bell alarms. We had four Civil Defense and one no school alarm. We answered six mutual aid calls and received mutual aid on two occasions. We had thirteen false alarms, set off by carelessness on the part of the telephone company employees. These false alarms call the men away from their work and in one case have caused a fireman to receive a broken leg when he slipped on the ice while answering a false alarm.

We had a very good year as far as property losses were concerned, but we had the most disastrous year in the history of the department in the loss of human life. Three young children were lost to fire.

The apparatus is in good shape. We must start this new year building up our hose supply, and replacing some which dates back to 1930.

An automatic alarm was installed at the Consolidated school and connected direct to the fire station, thus the fire dept. is alerted fast in case of need. Mr. Callaghan and his staff are still doing a fine job in evacuating the school buildings in record time whenever the school alarm blows.

One last thing to our Citizens, when you discover a fire please call the fire department and evacuate the house before you try to fight the fire yourself. We had much rather arrive at the scene and find our services are not needed than to arrive too late due to a delayed alarm and find not only the property beyond saving but maybe a life has been lost.

Respectfully submitted,

P. A. FOX

## RAYMOND POLICE DEPARTMENT

---

This is the first report for the Town Report to be offered by the Police Department. Much has been accomplished this past year to improve this Department's service to the community. With the same cooperation this Department has had over the past year we hope to correct a few more conditions that exist this coming year.

The Police Department was very fortunate to acquire 2 Two-Way Radios through the cooperation of our Civil Defense Director. These radios are connected directly with the N. H. State Police and with these units any situation can be taken care of in a minimum amount of time and with a maximum amount of help at this department's disposal.

This department feels that the traffic situation in the school area has improved with the traffic control on School Street. It shall by the effort, this ensuing year, to improve conditions in this area for the safety of all children and students going to and from school.

Our patrol activity this past year has been increased and improved to some degree, which has resulted in a minimum of breaking and entering and larceny during the danger hours, which are considered to be midnight until daybreak. On record with this department are a total of seven such breaks. Of these six are considered petty larceny and one major larceny. The major larceny occurred at the Twin Pines Restaurant on Sept. 15, 1961. As a direct result of this department's night patrol, the persons responsible for this break were apprehended within 24 hours and have been prosecuted and sentenced to jail terms. Of the six petty breaks four have been solved. The total amount of goods and money stolen in

these breaks amounted to less than \$200.00, which is a small amount considering the worth of goods and money that could be stolen or damaged in the area that this night patrol encompasses. This indicates, although the night patrol may be considered an expensive item, that it is well worth the funds expended. Statistics show that breaking and entering in the night are on the increase in all areas that are left unguarded all night. This department feels, although we did very well this past year, improvement and coverage in this area will have to be increased in the coming year. An item that should be taken into consideration is that individuals' personal automobiles are being used to cover this patrol at no cost to the town. Patrol cars used for this purpose will record a minimum of 30,000 miles, which constitutes a very unselfish contribution to the Town.

Motor vehicle infractions constitute the second largest problem that exists for local police departments. This department had to improve and correct conditions in this area almost immediately for the safety of all the townspeople and its visitors. Rapid improvement was due primarily to very fine cooperation this department received from the majority of our local younger drivers. Action of a firmer nature had to be used to correct a very small percentage of these drivers. With the continued cooperation of the majority this area of work will correct itself.

I wish to thank Robert Elliott for his unselfish contribution of time and equipment to meet the demands of the past year and to the townspeople for their assistance, understanding our problems, and the facilities you have provided.

JOHN A. HARNEY

Chief of Police

Board of Selectmen

Raymond, New Hampshire

Gentlemen:

Submitted herewith is the Audit Report for the fiscal year ended December 31, 1961, as made by Hunt's Accounting Service, as requested by the vote of your Town.

**SCOPE OF AUDIT**

All Departmental Divisions of the Town Government were audited: The Board of Selectmen, Treasurer, Tax Collector, Clerk, Trustees of Trust Funds, Library and Water Department.

**FINANCIAL STATEMENTS**

Exhibit A-1 contains Comparative Balance Sheets, as of December 31, 1960 and December 31, 1961. This Exhibit shows Assets and Liabilities and Balance of Debt at the close of the year 1961. Net Debt as of December 31, 1960, \$72,080.91 and the Net Debt as of December 31, 1961, \$63,828.71, shows a decrease of \$8,252.20 for the year.

Exhibit A-2 shows the analysis of change in financial condition.

Exhibit A-3 shows appropriations as raised by the Town vote, receipts and reimbursements of appropriations, expenditures and balances as under-expended and over-expended. The final over-expended balance of appropriations was \$48.16.

Exhibit A-4 shows anticipated revenues and amounts actually received by the Town. The final excess of revenues over estimated revenues was \$2,543.14. The Town had a net budget surplus of \$2,494.98.

**DEPARTMENTS**

All departments of the Town are shown on the other Exhibits. All monies were accounted for by reconciling with depository banks.

Verification notices were sent out on all delinquent taxes for the 1961 Levy.

The general financial condition of the Town is very good. We would like to have some of the old taxes abated. The asset carried on these accounts reflects a false condition.

Many water accounts are still very old. We suggest a drastic change in the policy of the Water Department. Collect some of these old accounts or receive a deposit for future water consumption.

During the course of the audit, it was noted that the Trustees of Trust Funds withdrew the principal and expended it for the care of lots. This practice should be discontinued.

Many thanks to all of the officials of the Town. The records were in fine condition and all officers do a fine accounting of their positions.

Respectfully submitted,

HERBERT E. HUNT

Auditor

### THE STATE OF NEW HAMPSHIRE

*To the Inhabitants of the School district in the town of Raymond, New Hampshire qualified to vote in district affairs:*

You are hereby notified to meet at the Raymond School Auditorium in said district on the Tenth day of March 1962, at seven o'clock in the evening to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose two Members of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance

between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the District will vote to request an audit by the State Tax Commission instead of electing local Auditors in accordance with RSA 197-14. Such procedure to follow each year until rescinded by vote of the District.

10. To see if the District will vote to raze the building known as the Canning Center and what sum of money the District will raise and appropriate for this purpose.

STATE TAX COMMISSION  
Concord, New Hampshire**

**SUMMARY OF FINDINGS AND RECOMMENDATIONS**

October 20, 1961

The School Board  
Raymond School District  
Raymond, New Hampshire  
Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the Raymond School District for the fiscal year ended June 30, 1961, which was made by this Division in accordance with the vote of the District. Exhibits as hereafter listed are included as part of the report.

**SCOPE OF AUDIT**

Included in the examination and audit were the accounts and records of the School Board and the School District Treasurer.

**FINANCIAL STATEMENTS**

**Comparative Balance Sheets: (Exhibit A)**

Comparative Balance Sheets as of June 30, 1960 and June 30, 1961, are presented in Exhibit A. As indicated therein, the Net Debt decreased by \$9,048.39 during the fiscal year ended June 30, 1961.

**Analysis of Change in Financial Condition: (Exhibit B)**

An analysis of the change in financial condition of the School District during the fiscal year is made in Exhibit B, with the factors which caused the change indicated therein. These were as follows:

### **Decrease in Net Debt**

Notes and Bonds Retired	\$10,000.00	
Net Budget Surplus	3,701.60	
	<hr/>	\$13,701.60

### **Increase in Net Debt**

Cash Surplus Used to Reduce School Tax	\$4,653.21	
	<hr/>	
Net Decrease		\$9,048.39

### **Comparative Statements of Appropriations and Expenditures— Estimated and Actual Revenues: (Exhibits C & D)**

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended June 30, 1961, are presented in Exhibits C and D. As indicated by the Budget Summary (Exhibit D), a revenue surplus of \$3,173.17, plus a net unexpended balance of appropriations of \$528.43, resulted in a net budget surplus of \$3,701.60.

### **Summary Statement of Receipts and Expenditures: (Exhibit E-1)**

A summary statement of receipts and expenditures for the fiscal year ended June 30, 1961, made up in accordance with the uniform classification of accounts, is included in Exhibit E-1. Proof of the Treasurer's balance as of June 30, 1961, is indicated in Exhibit E-2.

### **Building Fund: (Exhibit F)**

A statement showing the activity in the Building Fund account during the fiscal year is presented in Exhibit F.

### **Student Activities Fund: (Exhibit H)**

The Student Activities Fund accounts were examined, and a summarized statement of these accounts is included in Exhibit H.

### **Statement of Long Term Indebtedness: (Exhibit I)**

A statement of the outstanding long term indebtedness of the School District as of June 30, 1961, showing annual debt service requirements, is contained in Exhibit I.

### **Conclusion:**

The provisions of Chapter 184 of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the School District.

We extend our thanks to the officials of the Raymond School District for their assistance during the course of the audit.

Yours very truly,

Harold G. Fowler, Director  
DIVISION OF MUNICIPAL ACCOUNTING  
STATE TAX COMMISSION

Joseph W. Boudreau, Auditor  
Laurence M. Bean, Accountant

DIVISION OF MUNICIPAL ACCOUNTING  
STATE TAX COMMISSION

October 20, 1961

**Certificate of Audit**

This is to certify that we have examined and audited the accounts and records of the Raymond School District for the fiscal year ended June 30, 1961. In our opinion, the Exhibits presented herewith reflect the true financial condition of the School District as of June 30, 1961, and the results of operations for the fiscal year ended on that date.

Respectfully submitted,

Harold G. Fowler, Director  
DIVISION OF MUNICIPAL ACCOUNTING  
STATE TAX COMMISSION

Laurence M. Bean, Accountant  
Joseph W. Boudreau, Auditor

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

My first report as your superintendent of schools is done with some qualms, since a half year is hardly enough to properly weigh all the factors in an educational program. Hence, this report will be brief and to the point.

There are two major problems facing us now, and in order of importance in my opinion are: 1. The teaching staff; 2. The need of additional classroom space.

With the lowest high school per pupil cost in the state we should consider the need of being more competitive when hiring teachers and in retaining those of proven competency. Anything which helps secure and retain a good to excellent staff is money well spent. Raymond can pay more and still be under state averages.

We need additional space to permit: 1. Removing high school study pupils from regular classes; 2. An expanding high school enrollment as our present elementary grades advance; 3. Smaller elementary classes; 4. To care for anticipated increases in enrollments as evidenced by the pre-school census showing the probable need of two sections of grade one for the next six years with the possible exception of next year.

These two problems, a more competitive salary program, and necessary expansion of the physical plant, need careful study and procedures.

Raymond has done well, is spending its money wisely, and getting good returns for its investments. I'm sure you will want to continue these practices while at the same time meeting new problems squarely as they confront us.

Respectfully submitted,

C. MAURICE GRAY,  
Superintendent of Schools

## PRINCIPAL'S REPORT

---

To the Superintendent and the School Board:

In this my tenth annual report I beg your indulgence to review our progress during the past ten years.

### INSTRUCTION

During the past ten years the number of students to be instructed has increased thirty-six per cent or one hundred and eighty-four students. The faculty necessary to cope with this growth has increased by twenty-six per cent or five teachers, three elementary teachers and two high school teachers. We have added better than thirteen thousand square feet of classroom space or seven classrooms and a shop, which completely houses our high school population.

This addition to the physical plant coupled with the addition of courses in mechanical drawing, woodworking, electricity, sheet metal and welding, two foreign languages (offered for three years each), music appreciation, band and chorus has made it possible for us to be classified as an approved comprehensive high school. This is this state's top rating.

During this time the school has been granted a charter for the Twin Oaks Chapter of the National Honor Society by the National Association of Secondary School Principals, made possible by the membership of the principal in the National Association.

Our guidance program has been enhanced by a testing program which includes the New Hampshire Battery (Interest Inventory, Intelligence Test, Reading Test and Differential Aptitude Tests), The Durost Battery (Intelligence and Achievement Tests) and The Iowa Tests of Educational Development. We participate in the Sophomore Testing program sponsored by the state. We also provide the opportunity for our students to take the

College Boards, The National Merit Scholarship Test, The National Educational Development Test and the Preliminary Scholastic Aptitude Test. We further provide the non-college student with the opportunity to take the Employment Office Aptitude Tests, which guarantee employment commensurate with ability.

Approximately forty per cent of our graduates go on to some form of higher education. Our graduates have matriculated at such institutions as: The University of New Hampshire, Plymouth Teachers College, Keene Teachers College, N. H. Technical Institute, Wentworth Institute, N. H. School of Accounting, Hessers Business College, Fishers Business College, Mary Hitchcock School of Nursing, St. Anselms College, Elliot School of Nursing, Laconia School of Nursing, Sacred Heart School of Nursing, LaSalle Junior College, Brandeis, Brown, Tufts, Jackson College, Yale Law School, University of California, Tri-State College, and The University of Maryland.

A considerable change has been effected in the attitude of the student toward education beyond high school, as is evidenced by the above. Of this, we are most proud.

## INSTRUCTIONAL EQUIPMENT

Our new library, which now comprises some seven hundred volumes plus additional five hundred volumes provided by the state bookmobile on a bi-monthly basis, has become our most valuable teaching tool. The library consists of books in the following areas: fiction, non-fiction, reference books, original source books, newspapers, periodicals, Encyclopedia Britannica, Encyclopedia Americana, Compton's Encyclopedia, Science Encyclopedia, Natural History, a card catalog and a readers guide.

In the area of audio-visual aids we have purchased an overhead projector and a movie projector. These have been supplemented by our Student Activities Association

which has provided us with a film strip and slide projector, two record players, and a tape recorder.

We have instituted a Reading Laboratory in our English classes to improve reading speed and comprehension. Two complete kitchens and a homemaking room (furnished by the Class of 1960) have been added to our Home Economics Department. Audio-visual materials have been purchased in Mathematics, Business Education equipment includes an additional nine typewriters, a new mimeograph, new duplicator, and an electric adding machine. With funds allocated under N. D. E. A. we have added a science demonstration table, reference books, microscopes, a bioscope and other much needed equipment to our Science department. Basic electricity and electronic kits have been added to our Shop equipment. Methods of instruction are constantly changing, constantly improving; we are making every effort to keep abreast of the times.

## MAINTENANCE

Since embarking on a planned program of replacement we now have fluorescent lighting in eight of the twelve rooms in the old building — two more years will complete this project. Adding new furniture at the rate of a room a year, this project has two years to completion.

The new fire escape and fire detection system have helped to improve fire safety in the old building.

Gang sinks, with controlled hot water, have been provided in the basement areas. New urinals have improved the sanitary conditions in the boys area.

Our maintenance service has been augmented with the addition of part time help, two new pieces of floor equipment, and a portable scaffold for cleaning and painting.

Our insurance program has been revised to provide complete coverage on property, equipment and personnel.

## LUNCH

With an almost three-fold increase in the number of

children participating in the lunch program we have added full time help and equipment. New equipment includes: a dishwashing machine, two freezers, a mixer, potato-peeler, slicing machine, bakers oven and increased storage space. The one serious limitation at present seems to be lack of space for further expansion.

## HEALTH SERVICE

The nurse now visits us three times a week. The doctor as often as time will permit. The P.T.A. has provided the Health Room with two examining stalls with tables, an electric eye examination chart, and a doctor's scale with measuring rod. The school department has provided an audiometer.

Health services now include: Health education, an expanded dental clinic, a speech clinic, and child guidance clinic services have been made available, as have the services of the cardiac and osteopathic clinics.

## ACTIVITIES

It is in this area that our Student Activities Association is completely self-sustaining. All extra-curricular activities are paid for by this association. In addition it has provided us with; (1) a completely remodelled athletic field; (2) two new fall sports, soccer and volley ball; (3) new equipment for all teams, including cheerleaders (we can take pride in the manner in which our teams are outfitted); (4) bleachers in the gym, constructed by the students; (5) an electric scoreboard; (6) new drapes, on the stage; (7) a piano; (8) a lectern; (9) new caps and gowns; (10) new chorus risers for the stage; (11) band uniforms; (12) two used band instruments; (13) outdoor basketball court; (14) audio-visual aids mentioned above; (15) transportation for all athletic teams.

Our athletic teams and cheerleaders have rewarded us with better than thirty championship trophies including two State Championships.

An accident insurance policy is now provided, at reduced premiums for all students.

A slide, swings and teeters have been added to the playground equipment for primary grades.

The P. T. A. has furnished two teachers rooms - one in each building, for which we are most grateful.

We have instituted, planned and conducted a six - day senior class trip to Washington and New York, during the April vacation.

Your principal has been honored with membership on the Principles and Practices Committee of the New Hampshire Secondary School Principals Association, the Eligibility Committee of the New Hampshire Interscholastic Athletic Association, and represents New Hampshire on the New England Council of Secondary School Principals.

May we express our sincere thanks to the staff and to you our fellow Townspeople for your continued cooperation and support.

While some may consider the progress slow, one has to admit, it has been steady, and so it will continue.

Respectfully submitted,

JOHN J. CALLAGHAN,  
Principal
